

# 2017 IUPUI TA ORIENTATION

New graduate student teaching assistants, welcome to the other side of the classroom! Your unique position allows you to engage and motivate your students and build a strong rapport with them. By attending the 2017 IUPUI TA Orientation, TAs serving in roles of primary instructors, lab instructors, or graders can:

1. Learn about the expectations and responsibilities associated with their specific teaching roles.
2. Develop strategies to confidently and effectively interact with faculty and undergraduate students.
3. Meet and build relationships with other new and experienced TAs at IUPUI.

Whole group sessions will focus on IUPUI policy and procedures relevant to TAs and discuss strategies for navigating the diverse student body at IUPUI. Break-out sessions, led by faculty and experienced TAs, will address topics and challenges specific to primary instructors, lab instructors, and graders.

The Orientation will also feature a Resource Fair where attendees can meet representatives from the various units and offices that support graduate and undergraduate student success on campus.
